## **WOMEN ARTISTS OF THE WEST — OUR LEGACY**

Women Artists of the West (WAOW) is a non-profit organization of over 300 juried members across the United States and Canada with the objectives of uniting women artists, elevating awareness of art created by women and encouraging technical excellence. WAOW supports members through education, workshops, and mentoring with a focus on encouraging both emerging and established artists in business and professional practices. WAOW members are publicly promoted through national advertising, exhibitions, web and social media. It is the oldest established organization dedicated to women artists in the nation; we are honored to be celebrating 49 years of exhibitions with this year's national exhibit at Mary Williams Fine Arts in Boulder, Colorado.

### **Our Beginnings as Women Artists of the American West**

Women Artists of the American West (WAOAW) was founded in 1971 in Norco, California by a small group of women with a desire to network as professionals and compete in the world of art. They pooled their efforts and began promoting their careers with shows and advertising. WAOAW soon became known for its high caliber of artists and distinctive western style.

Their debut exhibit was held in Palm Springs, California. They continued to show in locations such as the Cowgirl Hall of Fame in Fort Worth, Texas, in Las Vegas, Nevada, and then on to other areas of the country including New Mexico, Colorado, Wyoming, Mississippi, and Arizona. In these early years, the membership was limited to 35, each of whom played an active role, investing time and money in shows and advertisements to promote their professional growth. Eventually the decision was made to increase membership in order to support the increasing demands for financing and coordinating the group's activities.

WAOAW artists were known for their western pieces in various media. However, as many women artists in non-western genres wanted to become a part of the group's legacy, in 1988 the bylaws were changed to embrace additional genre, subject matter and style. The membership chose to drop "American" from their name and became what is known today as Women Artists of the West.

### **Women Artists of the West as it is Today**

Women Artists of the West (WAOW) is a unique and respected organization that continues to grow and increase its presence in the art world.

WAOW has evolved over the years in its decades of supporting and promoting art created by women. Within the realm of fine art, there is a variety of genres and themes from members across the nation. WAOW members create both in their indoor studios and en plein air. They paint and sculpt still life and floral, landscapes and seascapes, figures and portraits, ranch and rural life, traditional and contemporary west, wildlife and domestic animals, historical events and Native American subjects. Styles are varied and diverse and include impressionism, expressionism, realism, representational and contemporary in all fine art media in two and three dimensions.

WAOW has long been dedicated to helping aspiring artists in the spirit of mentoring, and many of its members share their expertise through workshops and books and, for the members' proprietary benefit, an online forum for art tips and extended discussions.

The common thread of WAOW artists is the passion for their work and the desire to express the joy and beauty of the world around them. During the organization's existence, WAOW members have collectively made their mark on the art world. They have done this as a team of professionals, with plans to continue the journey together.

The fine artwork of various genres and mediums in this exhibition has been through a stringent selection process. Members are initially juried to become a WAOW member and then must submit work to a seven-member blind jury for acceptance into the national exhibition. We are very pleased and proud to present the work of these outstanding, talented members of WAOW in our 49th National Exhibition, Mountain Aire.

The entire exhibition catalog and images of the award-winning paintings of the 49th National Exhibition are posted on the Women Artists of the West website. Please visit our website at [waow.org](http://waow.org) for more information about WAOW, links to artists and upcoming events and shows.

## Mary Williams Fine Arts Boulder, Colorado

In January 1996, *Mary Williams Fine Arts* opened their doors on 'famous' Pearl Street in the heart of Boulder, Colorado. Originally, the gallery began by representing a collection of unique antique maps and 'living' artists. Since their inception, Mary Williams has offered fine custom framing to her collectors and artists. In 2012, Mary moved the gallery to a new, larger location on the east side of Boulder to accommodate her growing business. Anyone in Colorado who knows art, knows Mary Williams. The artists' work represented are very fortunate to be associated with her gallery. You will find their artwork everywhere from private homes to public spaces throughout Colorado and beyond. It is an honor that Mary has agreed to host the 'Women Artists of the West' 49th annual 'MOUNTAIN AIRE' exhibition from 9/12 - 10-12, 2019. Congratulations to Mary Williams Fine Arts, on entering your 24th year in business!
